

AI LAUNCH PAD 1: BUILD YOUR RIGHT-HAND BOT

with Digital Command

Your AI, your way, customized to fit you.

Create a custom AI assistant that understands your brand, mindset, and processes, enhancing efficiency and automation.

For leaders and teams seeking a secure, custom AI assistant that enhances daily operations.

This engagement integrates AI seamlessly into your workflow, ensuring trusted automation that aligns with your processes, voice, and security needs.

Engagement Steps

- 1. Discovery & Readiness –**
Identify business challenges, assess workflows, and define AI goals.
- 2. Custom AI Development –**
Build AI-powered assistant tailored to your personal or professional needs.
- 3. Experiment & Optimize –**
Test AI in a sandbox, refine responses, and enhance performance with team feedback.
- 4. Deploy & Scale –** Integrate AI seamlessly, train teams, and create a roadmap for future expansion.

What We'll Accomplish Together

- **We Create Your Branded AI Assistant:** Get a GPT-powered AI that understands your industry, use cases, and tone
- **We Help You Experiment with Prompt Engineering:** Learn how to craft effective prompts for AI-driven interactions.
- **Learn to Test AI in a Sandbox:** Get hands-on experience in a safe environment before full deployment.

Investment:
Fixed Price Engagement

Outcomes and Results

1. Fully customized AI assistant in your ChatGPT sidebar.
2. Safe and secure AI based on industry best practices
3. Hands on experience with AI-enabled work
4. Best practice prompt-engineering tips and tricks
5. High quality outputs from your own AI Assistant aligned to your personal and professional life.
